Dr. Garg mentioned that the modern medicine Remedesevir is formed from Rhodolia Rosea (root part). Their powder form may be used to formation of Ayurvedic Medicine and their tritulation form may be used in the formation of Homoeopathic medicine. In present scenario need to the preparation of both medicines and clinical trial because in hilly areas these root part powder used as herbal medicine against viral infection.

7.3 Paper Acceptance ID: I0152760 Title: "The Clinical Study about the "RHODOLIA ROSEA" in context to Futuristic Homeopathic Medicine to be treat like COVID-19 and Other Symptoms" to be published in International Journal of Scientific & Engineering Research (IJSER) July-2020 ISSN 2229-5518. Homeopathic Protocols and can apply for covid-19 patients. It will be more effective as an individual or Integrative form of research.

7.4 Paper Acceptance ID: I0152759 Title: "The Clinical Study about the "RHODOLIA ROSEA" in context to Futuristic Ayurvedic Medicine to be treat like COVID-19 and Other Symptoms" to be published in International Journal of Scientific & Engineering Research (IJSER) July-2020 ISSN 2229-5518. According to Dr.Garg the medicinal plant "RHODIOLA ROSEA" can be applicable for the treatment of Covid-19 through Ayurvedic approaches. Rhodiola Rosea has shown marked anti oxidative, adaptogenic and antifatigue effect in the experimental study, this effect can be used to increase the immunity of the patient, can eventually be proved effective in the treatment of Covid-19. It will be more effective as an individual or Integrative form of research.

Dr. Garg suggested that "Drugs formed by the same source or acts in different therapy pharmacopoeias which can be used as a single or with integrated approach to achieve better results". On the basis of same mode of antiviral activity. Remdesivir act directly on virus to stop multiplication & Rhodiola rosea act naturally enhance immunity against virus.
