Jaipur

In the pursuit of gender equality and women's empowerment, it is crucial to create an inclusive educational environment that offers adequate facilities and resources for female students. Therefore, Various measures have been taken by the University to ensure that girls have access to top-notch facilities for teaching and learning, including well-equipped classrooms, laboratories, computing equipment, and more.

ICT Enabled Classrooms: The University recognizes the importance of providing an optimal learning environment for all students, including girls. To cater to their needs, the university ensured that classrooms are well-maintained, comfortable, and conducive to learning. Latest computer labs and Modern technology integrated into the classrooms, enabling interactive teaching methods by using ICT tools that facilitate active participation and engagement among students.

Laboratories: In fields such as science, technology, engineering, medical, practical & clinical experience is vital for a comprehensive understanding of the subject matter. The University recognizes this and invests in state-of-the-art laboratories for various disciplines. Special emphasis is placed on ensuring that female students have equal access to these laboratories and practical sessions.

Additionally, the University promotes female participation in research and encourages girls to take part in hands-on projects and experiments. Mentorship programs and workshops are organized to support female students fostering a sense of belonging and ensuring their success in traditionally male-dominated areas.

Laboratories	Total Laboratories: 119																		
	The University has good number of well-equipped laboratories for carrying out curriculum based practical and research work.

Computing Equipment and Technology:

In the digital age, computing skills are essential for success in virtually every field. The University acknowledges this fact and equips its computing facilities with the latest technology. These net labs are open to all students, and specific time slots or resources to facilitate their learning needs. University works on ERP based solution.

- ❑ My Academic Profile: A single platform for students for getting lesson plans, study material, timetable, attendance, notices, fee status, feedback, evaluation result etc.
- ❑ My Profile: A single platform for university employees to access and update their profile and all relevant information related to their duties, salary, facilities, performance etc.
- ❑ Conduction of Online Entrance Exam
- ❑ Conduction of Online continuous Exam
- ❑ Remote access to e-publications through DELNET, MANUPATRA and PUBMET

Moreover, the University encourages girls to participate in coding clubs, hackathons, and technology-related events, enabling them to gain practical experience and networking opportunities in the tech industry. By providing equal access to computing equipment and promoting female involvement in technology, the University contributes to breaking the gender gap in the tech sector.

Additional Support Services:

 REGISTRAR
 Jayoti Vidyapeeth Women's University
 Jaipur

Recognizing the potential challenges that female students may face, the University offers additional support services tailored to their specific needs. These services may include academic counselling, mentorship programs, and workshops on self-development and leadership skills. Such support systems empower girls to overcome barriers and achieve their academic and personal goals.
