(57) Abstract :

The present invention relates to the Mother Tincture of Vachellia Nilotica Bark to provide relief from skin disorders without any observable side effects. The fresh bark of the Vachellia Nilotica is used for preparation of Homoeopathic mother tincture. It is easily available, easy to make, cost-effective, and easy to administer, can be taken internally as well as externally. The invention provides effective relief and healing in cases of Dermatitis.
