(57) Abstract :

The present invention relates to the JV GERMNIL Hand Sanitizer developed by mixing potentised homoeopathic medicines Calendula officinalis, Ocimum sanctum and Hamamelis virginica in aloe vera base and glycerine. Calendula is used as antiseptic and Ocimum sanctum is known for its anti-viral properties while the Hamamelis is used to treat wrinkled skin. Aloe Vera also has compounds polyphenols, indoles, and alkaloids with antibacterial activity. Glycerine is used to provide moisturization along with aloe vera. This preparation is a natural herbal preparation without any active chemical ingredients.
