India's First State Private Women's University

JAYOTI VIDYAPEETH WOMEN'S UNIVERSITY, JAIPUR ज्योति विद्यापीठ महिला विश्वविद्यालय, जयपुर

Established by Govt. of Rajasthan through Act No. 17 of 2008 under section 2(f) & (12b) of the UGC Act, 1956

NAAC Accredited | UGC Approved | Recognized by Statutory Councils

E-Governance Policies

Objectives:

1. Implementing e-governance in all university related operations is one of the objectives.
2. Improving the university's efficiency in operation
3. Encouraging responsibility, openness, and empowerment
4. To courage the institution to operate paperless
5. Enabling quick and simple information access.

Policies:

1. University has decided to adopt and implement e-governance in all activities of the university operating in order to provide easier and competent structures of governance within the University .
2. The university has already started using e-governance in a number of areas, including admissions, the library, academics, exams, and accounting. However, it has been decided to implement e-governance in a few additional areas of the institution.
3. E-governance areas: This policy is used into other functional areas, including:
 - a. University Website: The university website serves as a mirror of campus information, including notices, events, extracurricular and co-curricular activities, and functionaries. A full-time web developer and team members are employed by the University to upload information, regularly.
A separate service provider is contracted to host the website. The website also offers interfaces for admissions, online transactions., online reporting, online academic content, applying for leaves, daily activity chart, rules & regulations, loan & scholarships, etc.
 - b. University ERP: This system handles admissions, examinations, academic contents, notices/notifications/circulars, accounts, gate entry, library, transportation, inventory management, employee management, HR management, student communications, staff communications and administration.
 - c. Learning Management System (LMS): An LMS is an online tool used to organise, carry out, and gain access to a particular learning process. It aids in administration, documenting, tracking, and recording of information learned in a classroom. The LMS is integrated into the University ERP for convenience to the students and staff members.

NAAC Accredited | UGC Approved | Recognized by Statutory Councils

Administration: All service units in the university are being fully supervised by the university authorities through using the ERP software.

The administration uses official email addresses and official contact numbers for correspondence with higher dignitaries and as well as the teaching and support staff.

All significant administrative information, including notices, is regularly posted on the website.

- Biometric attendance for all students, teachers, and staff
- Fully LAN Connected with Wi-Fi spread across workplaces with constant internet access.
- University Administration believes in utilizing less and less paper day-by-day, therefore, in order to achieve this, all the staff members are encouraged to use PDF format of documents and carry them via online cloud storage or local disks and share them only via email or WhatsApp. Maximum data has been digitalized and viewed online. The University has sufficient licensed products from Microsoft, to facilitate every computer with Microsoft Office and other applications.
- CCTV cameras have been deployed throughout the campus of the University.
- WhatsApp Groups are utilized for awareness and the efficient operation of the same, as well as for short alerts of any events. The academic broadcast group helps in easy spread of information among teachers, as well as students.

Accounting and Finance:

- Tally software and ERP are used to maintain the institution's accounts.
- HDFC Smart Hub financial portal handles financial transactions.

Student Admission and Support:

- The ERP Students Module is used to handle student admissions & Enrollment .
- The University's website serves as a reflection of its data. On the website, there are interfaces for admission and online transactions. A full-time web developer and team members work for the University.
- The Reporting after Admission procedure is made very easy for the students, via online reporting panel, made available after admission. The Students can upload all their documents on the panel and deposit they program fees, online. This makes paper-less work more convenient for the students and staff members. The documents uploaded by the students, directly are empanelled with the student's academic profile, at the University.
- University organizes alumni meet program by which University students are benefitted in settling their doubts.
- The University has a well-maintained mechanism of handling student grievance.
- Feedback received from all the stakeholders (student, faculty, parents, etc.) is perfectly analysed and necessary actions are being taken.

Examination:

- IFW ERP is used to manage the exam process.
- Everything is done paper-less, including, getting admission letters, uploading marks, results, admit cards, etc. Under the direction of the institution's Registrar, and Controller of Examinations, the academic cell of the University oversees the entire examination procedure.
- Sessional results can be accessed on the website.

I am aware that my ward shall be missing her academics, placement activity, CDA, ECA or any other activity as scheduled.
 I also know that she may miss her Continuous Assessment (CAQ submission or any other tests/examinations) as declared by the University.
 I have clearly understood that she will have loss of attendance for which she may get debarred in End term examinations.
 I am fully aware of all the facts mentioned above and the loss of her studies on taking this leave. Even then I wish to apply for this leave. Please grant her leave.
