(57) Abstract :

The present innovation relates to the "memory boosting herbal inhaler" prepared by the volatile essential oil of the flower of Rosemary (Rosmarinus officinalis) and seeds of pumkin (Curcurbita maxima) for Memory enhancing, Antioxidant activity and Anti-stress . Aroma volatile compounds of rosemary flower oil and volatile compounds of seed oil of pumkin seeds are chiefly responsible compounds to make balance of emotions, breathing, memory, stress, and hormone balance. In this way, essential oils can have a slight, yet holistic effect on the body
