(62) Divisional to Application Number	:NA	
Filing Date	:NA	

(57) Abstract :

The present invention relates to the Herbal Gau Dhoopbatti developed by incorporating cow dung, cow urine, and a range of other medicinal plant powders with medicinal and antibacterial properties such as Neem, Arjuna, Jamun, Bhadraksh and Champa. It inhibits the growth of air borne bacteria and disinfects the air. Ash of Dhoopbatti is also useful due to cow dung components. The ash can be used as disinfectant to clean utensils on daily basis due to its Antibacterial activity. Two Ingredients Neem and Arjuna have Antiviral activity also, hence it is antibacterial as well as antiviral properties.
