(57) Abstract :

A Homoeopathic product is a unique and outstanding hair growth stimulator product that contains Arnica Montana Q 4%, Jaborandi Q 4%, Psoralea Corylifolia Q 1%, Ceanothus Americana Q 1% as active ingredient and Olive Oil 90% as base. Arnica Montana has been used as a hair growth stimulator and it is being widely used in many homeopathic hair products whereas Jaorandi is a powerful gland stimulator which stimulates the hair follicles, Psoralea Corylifolia on the other hand stimulates the blood capillary system at the hair follicle and increase the blood circulation, while Ceanothus Americana works as hair tonic. Olive oil as base provides effective moisterization and produces hair growth and also slow the rate of hair fall. It can be used homeopathically and can be used frequently without any harmful effects.
