Jayoti Vidyapeeth Women's University has a separate library for each faculty with a wide range of collection of knowledge resources and information services, an essential requisite in the intellectual pursuits of students and faculty members. Automating central and department libraries using an Integrated Library Management System (ILMS) and incorporating digitization facilities is a significant step taken for modernizing library services and enhancing the learning experience for students.

University libraries are Equipped with the latest technologies viz., CCTV cameras, internet connectivity through LAN and wi-fi, etc., Biometrics etc. There is an Open Access Catalogue for students and staff. The reading rooms are well furnished to accommodate a large number of students and provide a conducive atmosphere for study. Exclusive reference section is available in the library. Entry and exit register is maintained for students and staff. Security of resources is ensured through a system of checking at the exit point for all resources borrowed by the users. Visitors are also required to sign noting the time of entry and exit. CCTV cameras are installed in the library for strict surveillance. The library staff also makes sure that the students make full use of their time there and do not just loiter and gossip.

The libraries have a rich collection of books on different subjects. Various academic journals published in the country and abroad are also available for the readers. The students as well as the faculty members are encouraged to use the libraries and develop reading habits. It is really heartening to see that the students at the University, in an age when more and more people have been taking to electronic book reading, flocking to the libraries.

The library services provided to students and teachers is fully automated. Since 2011 the University has been using ERP (Enterprise Resource Planning) as Integrated Library Management System and currently uses its 1.91 version. Charging and discharging of books takes place via Biometric system to both faculty members and students. The library is well equipped with all the modern facilities and resources (print and electronic) in the forms of CDRoms, DVD-ROM, etc. It has also developed Digital library equipped with necessary modern equipment to provide various digital modes of library services. It also provides remote access to e-publications through DELNET, MANUPATRA and PUBMET.

University digitization facilities such as Coral Draw, Printing & Publishing Softwares etc. enable the conversion of physical materials, such as rare manuscripts, rare book collections, into digital formats. This preserves valuable resources and expands access to a wider audience.
