Every Year Jayoti Vidyapeeth Women's University takes many new initiatives to promote experiential learning, participative learning and problem-solving approach among students. Teacher uses these approaches to prioritize active engagement, critical thinking, and the application of knowledge, making learning more meaningful and effective.

**Experiential Learning** encourages students to take ownership of their learning, enhances retention, and helps bridge the gap between theory and practice. Teaching focuses on experiential learning to improve student's problem-solving skills, teamwork, and adaptability. At JVVU, experiential learning activities are not only limited to hands on laboratory experiments but also includes Workshops, Trainings, Industrial Visits/Court Visits/Field Trips, Fashion Shows, Farm practical, Moot Courts, Project work, Waste management Activities, Starup & Innovation Activities Software Development and Clinical Exposure at OPD/IPD and University private health Centers (PHCs)etc.

**Participative Learning** is a form of reflective teaching approach. Group discussion, Debates and seminars, webinars, quizzes, skill based various competitions educational tours are the other common participatory learning activities at JVVU. Students are also actively participating in all extracurricular activities such as cultural fest, Festival Celebration, Dance, Music, Art & Craft, Sports activities, Leadership activities, participation in regular meetings, Feedback Mechanism, Community Development Activities, Annual University programs, etc. The university believes that participative learning methods enable the students to analyze and enhance their knowledge and allows students to hear diverse perspectives, refine their communication skills, and develop a deeper understanding of the subject matter.

**Problem Solving Skills** are among the most valued skills in the workforce today. University provides a platform to students where they can inculcate these skills and exposed to real world situations, problem solving methodologies used for this purpose are Mind mapping, Brain Storming, Case Studies, Patient Counseling, Drafting, and pleading and Fashion Illustrations. This approach develops analytical and critical thinking skills, as well as the ability to apply knowledge to practical situations. Problem-solving methodologies are particularly valuable in fields where complex issues require creative and innovative solutions. These student-centric methods align with the principles of active learning, which emphasize students' engagement, interaction, and higher-order thinking.

Students' participation in Experiential learning, Participative learning & Problem-Solving learning.

In the Academic Session 2022-23 University has taken many new initiatives as well as strengthen its continuous teaching learning process by incorporating active learning approaches into the curriculum which help students develop critical thinking skills, practical knowledge, and problem-solving abilities that are valuable for their future careers and personal development.

University offered faculty development programs and resources to support teachers in implementing effective pedagogical approaches and provides more experiential learning to the students by conducting industrial visits, academic visits & clinical visits etc.

12 October 2021 World Food Day

Department of Food Science, Jayoti Vidyapeeth women's University celebrated 'World food Day' [#foodscience](#) [#foodday](#) on 12 October, 2022. [#Gustora](#)

On the occasion of World Food Day, Faculty of Agriculture and Veterinary Science celebrated “World Food Day” On this occasion President (I/c) of the University Prof.(Dr.)Pramod K Raghav welcomed Hon’ble Chairperson Smt. Mithlesh Garg and the Guest of Honour Dr. Ramesh Mittal, Director, CCS National Institute of Agricultural Marketing (CCS NIAM) A Govt. of India Organization, Jaipur, Rajasthan. After that Inauguration & Lamp Lightening Ceremony by Hon’ble Chairperson Smt. Mithlesh Garg Madam along with other faculty members of the University. President (I/c) of the University Prof.(Dr.)Pramod K Raghav in his address applauded the management and staff for organizing such a meaningful programme. He explained the importance of World Food Day which came into existence in the year 1980 with a theme to elevate hunger problem. He also said that the food production growth during the year 1951 was 50 million tons and now it has been raised up to 285 million tons. India stands No. 1 position in the production of milk, jute and rice and No.2 position in sugar, wheat etc. While economy collapses, the agriculture production also reduces. 30% of the population is going hungry due to insufficient supply of food. He urged the students to learn with dedication and work towards a **zero-hunger** world. After this Guest Lecture by Guest of Honour Dr. Ramesh Mittal, Director, CCS National Institute of Agricultural Marketing (CCS NIAM) A Govt. of India Organization, Jaipur on “Nutritional Importance of Millets in Diet - Leave No One Behind” who discussed about “Nutritional Importance of Millets in Diet Millet is one of the oldest cultivated grains in the world and has been grown throughout Africa and Southeast Asia for thousands of years. Millet can be used to make bread, beer, cereal, and other dishes. Even today, millet is a staple food around the world. It Improves Digestive Health ,it Control Blood Sugar .Millet is rich in potassium—a mineral that supports healthy kidney and heart function. Potassium also plays a role in nerve signal transmission, which is how your brain and muscles communicate.

On this occasion University organized “Smart Nutritious Khichdi Preparation” and “Community Food Fest” where students and faculty members participated in this. Nutritious dishes with millet as an essential ingredient which helps to health. At the end winners were provided certificates followed by Vote of Thanks !
